EDITORIAL

The editor's summer on the coast of Washington and in the Yukon country was one full of pleasure. He escaped the heat of the interior in the east if he was not always warm enough for comfort. The most notable things about the summer were the extreme lateness of the season on the coast of Washington, and the paucity of birds in the Yukon valley. An account of the summer experiences will appear in a later number.

The treasurer wishes to call the attention of members who are in arrears for membership dues to the cost of sending out notices. In the aggregate the cost is so considerable that it is well worth calling attention to. Please attend to this matter and thus save money for the betterment of the magazine.
